# LED Indicator Lights
Narrow Stile, Robust, Convenient

GEM **TLM-200** LED indicator lights can be compatible with any access control systems. The red and green LED indicator provide visual confirmation when the door is locked or unlocked. They operate on 12/24 VDC and can be either mortise or surface mounted.
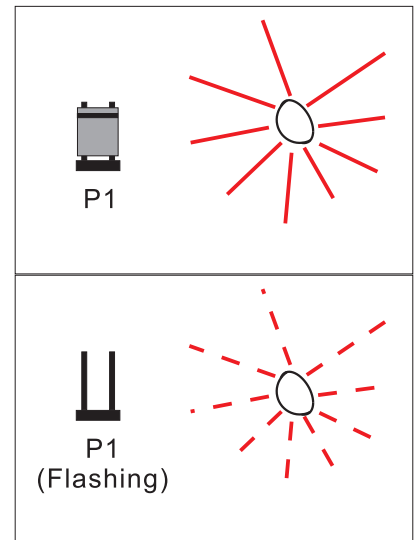

CE RoHS Compliant

TLM-200

With Jumper, the LED light remains in steady mode

Without Jumper, the LED light remains in flashing mode.
